### **FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - 16 – Claim/service lacks information or has submission/billing error(s) which is needed for adjudication.

**Issues**

1. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged, received on November 25, 2014. The insurance carrier did not submit a response for consideration in this review. Per the Division's former rule at 28 Texas Administrative Code §133.307(d)(1), effective May 25, 2008, 33 *Texas Register* 3954, "If the Division does not receive the response information within 14 calendar days of the dispute notification, then the Division may base its decision on the available information." Accordingly, this decision is based on the available information.

2. 28 Texas Administrative Code §134.203. Medical Fee Guideline for Professional Services(d) The MAR for Healthcare Common Procedure Coding System (HCPCS) Level II codes A, E, J, K, and L shall be determined as follows:(1) 125 percent of the fee listed for the code in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule; (3) if neither paragraph (1) nor (2) of this subsection apply, then as calculated according to subsection (f) of this section. 28 Texas Administrative Code §134.1(f) Fair and reasonable reimbursement shall: (1) be consistent with the criteria of Labor Code §413.011; (2) ensure that similar procedures provided in similar circumstances receive similar reimbursement; and (3) be based on nationally recognized published studies, published Division medical dispute decisions, and/or values assigned for services involving similar work and resource commitments, if available.

Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines. Review of the submitted documentation finds no DMEPOS fee schedule amount for the services in dispute is found therefore the disputed charges will be reviewed based on fair and reasonable guidelines.

3. Former 28 Texas Administrative Code §133.307(c)(2)(G), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:

- The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the submitted documentation finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

### **Conclusion**

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. After thorough review and consideration of the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The requestor has failed to establish that additional reimbursement is due. As a result, the amount ordered is \$0.00.

### **ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
